

UNPUBLISHED

UNITED STATES COURT OF APPEALS
FOR THE FOURTH CIRCUIT

No. 14-6854

FRANCISCO JAVIER BERRIO,

Petitioner - Appellant,

v.

FRANK L. PERRY; CYNTHIA THORTON,

Respondents - Appellees.

Appeal from the United States District Court for the Western
District of North Carolina, at Charlotte. Frank D. Whitney,
Chief District Judge. (3:14-cv-00248-FDW)

Submitted: September 25, 2014

Decided: September 30, 2014

Before WILKINSON and AGEE, Circuit Judges, and DAVIS, Senior
Circuit Judge.

Dismissed by unpublished per curiam opinion.

Francisco Javier Berrio, Appellant Pro Se.

Unpublished opinions are not binding precedent in this circuit.

PER CURIAM:

Francisco Javier Berrio seeks to appeal the district court's order dismissing as untimely his 28 U.S.C. § 2254 (2012) petition. The order is not appealable unless a circuit justice or judge issues a certificate of appealability. See 28 U.S.C. § 2253(c)(1)(A) (2012). A certificate of appealability will not issue absent "a substantial showing of the denial of a constitutional right." 28 U.S.C. § 2253(c)(2) (2012). When the district court denies relief on the merits, a prisoner satisfies this standard by demonstrating that reasonable jurists would find that the district court's assessment of the constitutional claims is debatable or wrong. Slack v. McDaniel, 529 U.S. 473, 484 (2000); see Miller-El v. Cockrell, 537 U.S. 322, 336-38 (2003). When the district court denies relief on procedural grounds, the prisoner must demonstrate both that the dispositive procedural ruling is debatable, and that the petition states a debatable claim of the denial of a constitutional right. Slack, 529 U.S. at 484-85.

We have independently reviewed the record and conclude that Berrio has not made the requisite showing. Accordingly, we deny a certificate of appealability and dismiss the appeal. We dispense with oral argument because the facts and legal

contentions are adequately presented in the materials before this court and argument would not aid the decisional process.

DISMISSED
